“A watch that was sprung from the minds of designers. There is a maturity to its aesthetics and a coherence that drew the attention and interest of even seasoned collectors of watches.”

HODINKEE

UNIMATIC x Spongebob Squarepants:

“It’s a very simple psychology, it just reminds me of something that makes me happy.”

The New York Times

“UNIMATIC has created a cult hero dive watch for fans around the world.”

HYPEBEAST

UNIMATIC x KAIKADO:

“This isn’t just a purchase: it’s an investment in storytelling, culture, and tradition”.

IMBOLDN

“Lastly, another plus this watch has, is that it is already sold out so I don’t have to even try and stop myself from buying it. It’s already too late.”

GEAR PATROL

“So crisp and clean, so devoid of all the little doodads and questionable design decisions that seem to plague modern watches, that I can’t stop staring.”

GQ

“UNIMATIC is the watch brand with buzzy collabs.”

WWD

“If you want one, you are going to have to be quick.”

HIGHNOBIETY

“UNIMATIC watches craft italian-made timepieces that combine good design, iconic elements and the latest technical solutions.”

designboom®

“Their designs have always had a beauty in their simplicity while also being distinct and unique.”

01 OUR WORLD

2015 - THE BIRTH OF UNIMATIC

Giovanni Moro and Simone Nunziato found UNIMATIC. The goal is to create watches that combine Italian design and functionality, quality and innovation.

2017 - REINVENTING THROUGH COLLAB

Collaboration requests begin to grow, laying the foundation for regular co-branded releases with like-minded partners.

2016 - FIRST COLLAB WITH COLETTE

First collaboration with Colette, the renowned Parisian concept store, leads to the creation of the all-black U1-C reference. This partnership marks the beginning of UNIMATIC'S exploration of unique design collaborations.

2016 - MODELLO DUE COMES TO LIFE

MODELLO DUE is launched, featuring a symmetrical case design and ultra-domed crystal, inspired by the rugged simplicity of vintage field watches.

2018 - MODELLO TRE IS LAUNCHED

UNIMATIC launches its first chronodiver with a 300-meter water resistance. It features screw-down pusher guards and a unidirectional rotating bezel with a clean, sterile insert.

2015 - THE LAUNCH OF MODELLO UNO

The first UNIMATIC watch, MODELLO UNO (U1-A reference), is released in a limited edition of 300 pieces. It becomes an iconic diver's watch, showcasing essential design boasting a 300-meter water resistance.

TIMELINE

2021 - IN-HOUSE ASSEMBLY LINE

UNIMATIC begins assembling and testing its watches in-house, at a dedicated lab located just an hour outside Milan - bringing full quality control under its own roof.

2020 - MODELLO QUATTRO DEBUT

MODELLO QUATTRO is launched, transforming the signature MODELLO UNO by replacing its rotatable bezel with a fixed, solid, monoblock version - merging the rugged strenght of a dive watch with the clean, utilitarian lines of a military watch.

2024 - PERMANENT LINE: TOOLWATCH

UNIMATIC introduces the Toolwatch line, the second permanent line designed to meet the demands of an active lifestyle, featuring advanced anti-shock technology. Presented in two variations, both the MODELLO UNO and the MODELLO QUATTRO are available in time-only and GMT versions.

2023 - MODELLO CINQUE LAUNCH

UNIMATIC introduces the MODELLO CINQUE, its first 36mm watch, created in collaboration with Massena Lab. The watch blends vintage charm with modern dimensions, emphasizing compact and versatile design.

2021 - PERMANENT LINE: CLASSIC

UNIMATIC launches its first permanent line: the Classic line, offering each model reworked with a stripped down iconic dial to meet growing demand.

UNIMATIC x Hodinkee - ref. U1-HGMT

AT A GLANCE

UNIMATIC is a contemporary Italian watch brand that merges the finest design references from past and present. Its name combines the Italian word “unico” (unique) and the Greek “autòmatos” (self-moving). The brand’s mission is to produce exceptional watches known for their high functionality, minimalist design, and competitive pricing.

MADE IN ITALY

Founded in 2015 by Giovanni Moro and Simone Nunziato, industrial designers trained at Politecnico di Milano, UNIMATIC is a distinctive Italian brand that blends iconic watch inspiration with a unique design language. Rooted in Italian design excellence, the brand focuses on a streamlined aesthetic that emphasizes value, functionality, authenticity, and innovation.

UNIMATIC x Todd Snyder - ref. U3FB-TS

IN-HOUSE PRODUCTION

UNIMATIC manages the production of its timepieces at its dedicated facility near Milan. Every stage of the assembly and testing is conducted in-house to ensure the highest quality standards. Each watch is thoroughly tested on site for accuracy, power reserve, and water resistance up to at least 300 meters. All watches come with a 24-month warranty.

LIMITED EDITIONS

UNIMATIC creates bold exclusive, small-batch releases of the brand's minimalist, Italian-designed watches. Each edition is produced in strictly limited numbers, often featuring unique colorways, materials, or collaborations. Once sold out, these models are never reproduced, making them highly sought after by collectors and enthusiasts worldwide.

UNIMATIC x Massena LAB – ref. U1-SPG

MADE-TO-ORDER

UNIMATIC offers its clients the opportunity to co-create a truly unique timepieces by selecting materials, finishes, and colors, while choosing from the brand's iconic case designs, all in line with UNIMATIC's signature style. Each watch can also be personalized with the help of skilled Italian master engravers, who can create a bespoke design of your choice, with the option of solid gold or silver inlays. The engraving process is done entirely by hand, requiring up to 30 hours of meticulous work.

UNIMATIC x Club Italia - ref. U1S-CIT and U3S-CIT

PRIVATE COMMISSION

UNIMATIC's Private Commission program offers individuals, brands, and institutions the opportunity to create their own exclusive limited editions. As with the Made-to-Order service, clients can select the calibre, materials, finishes, and colors, choosing from UNIMATIC's iconic case designs. Perfect for corporate gifts, anniversaries, or special events, each Private Commission is crafted in a dedicated limited run, delivering a truly bespoke expression of UNIMATIC craftsmanship.

MILAN SHOWROOM

UNIMATIC's headquarter is located in the heart of Milan, the global capital of fashion and design, nestled in a historic building in Via Cappuccio 17, just a short walk from the Duomo. This discreet space, accessible by private appointment only, offers a rare glimpse into the world of UNIMATIC. Guests are invited to discover the brand's archive of Made in Italy timepieces, explore components from dials to straps, and experience the craftsmanship and design philosophy that define every single UNIMATIC reference.

MILAN FLAGSHIP STORE

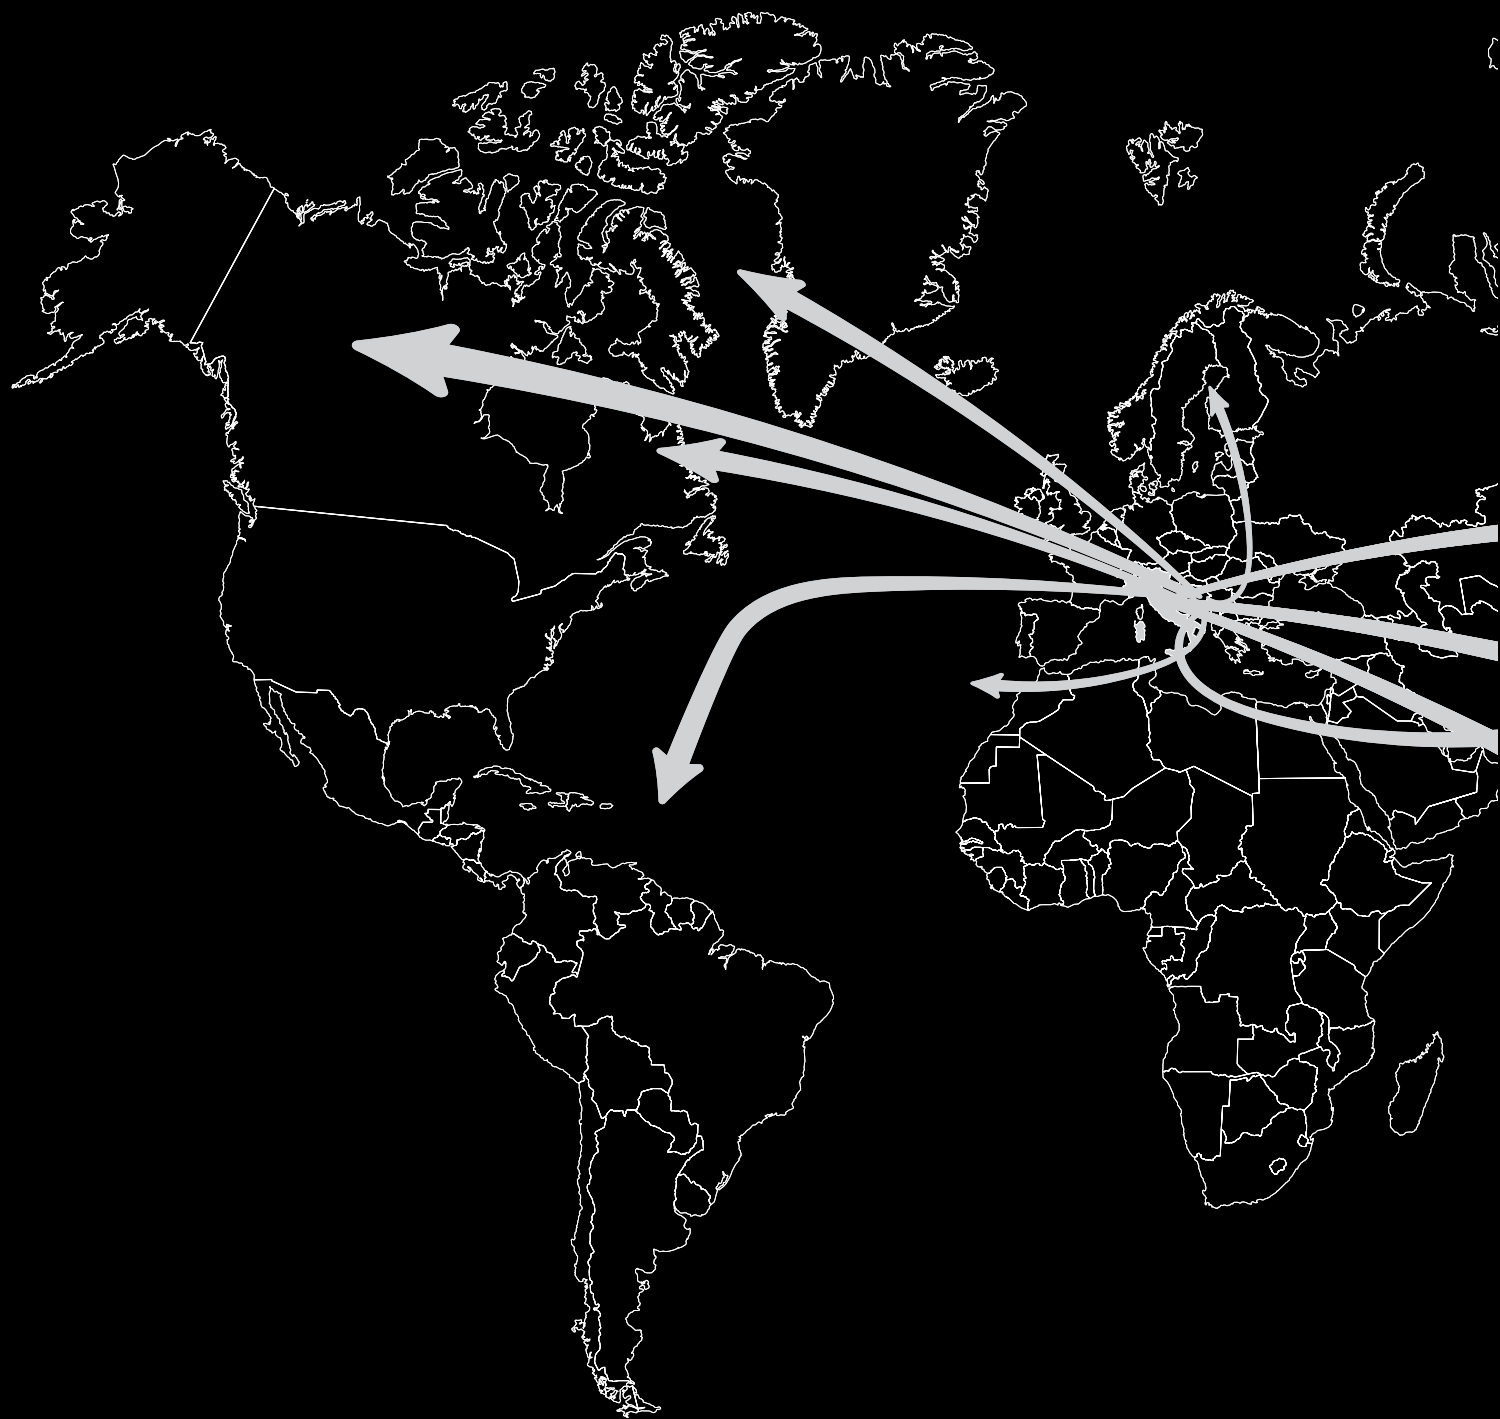

UNIMATIC's flagship store, situated at Via Meravigli 18 in central Milan, embodies the brand's commitment to precision and premium materials. Designed by the acclaimed Swedish architecture firm Claesson Koivisto Rune, renowned for collaborations with leading design houses worldwide, the space is a true expression of minimal design.

"The watches are the stars of the show. The shop's architecture is merely the stage; as a backdrop to enhance the watches. Three ingredients make the interior: Natural, quality materials, craft perfection and the graphic 'roundel effect' of the floor and walls. (As a subtle nod to watch dials)"

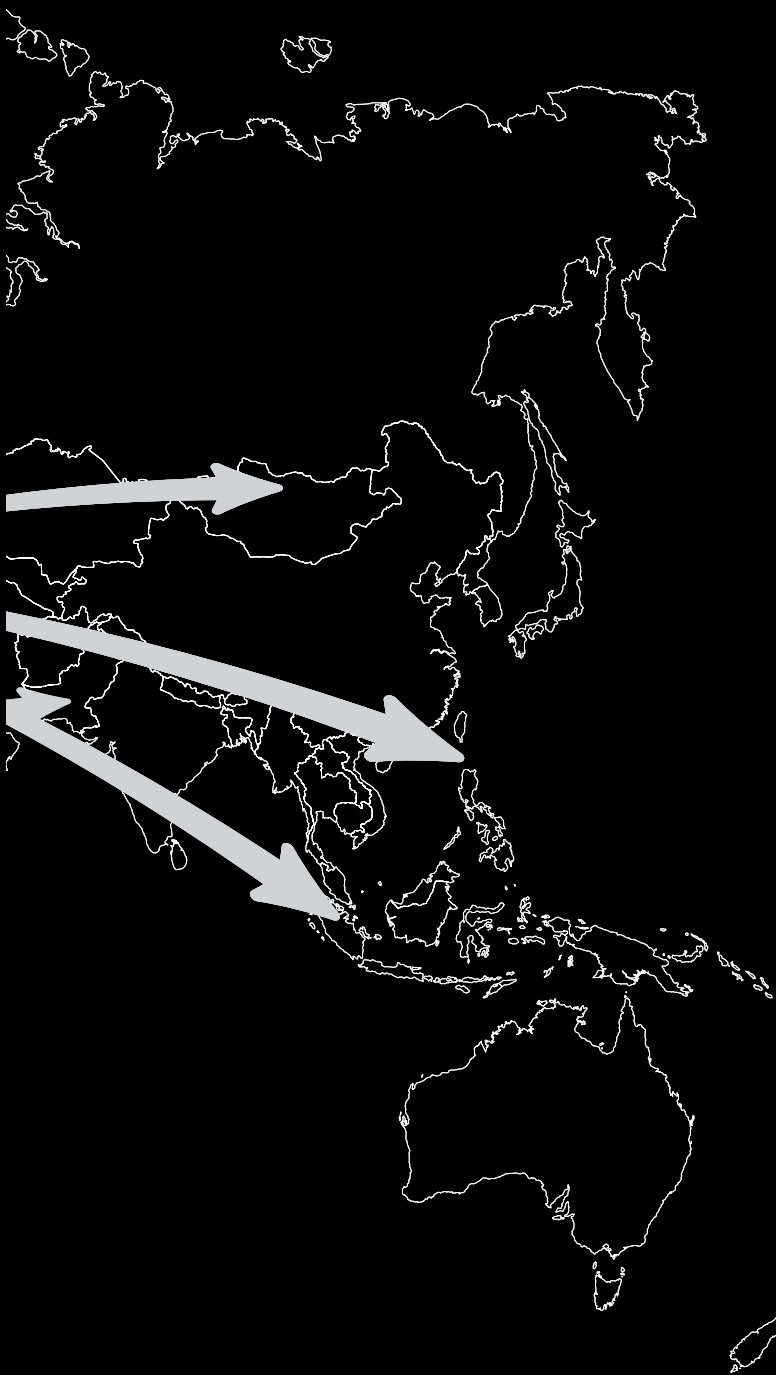

Mårten Claesson, Eero Koivisto and Ola Rune, architects

DISTRIBUTION

UNIMATIC's carefully curated network of local agents and authorized retailers spans over 34 countries, including more than 100 brick-and-mortar and online partners, from traditional watch boutiques to luxury fashion retailers. The brand also serves customers in over 100 countries through its own e-commerce platform, offering express worldwide delivery with a strong commitment to accessibility and exceptional customer service. Across all channels, UNIMATIC strives to deliver outstanding timepieces to discerning enthusiasts worldwide.

02 OUR WATCHES

CLASSIC LINE

Throughout a journey of continuous evolution, UNIMATIC has refined the design codes of its most sought-after limited edition models to create a permanent line of timeless, modern pieces that embody the pure UNIMATIC aesthetic and experience.

The Classic line is built around a single signature minimal design, offered in four distinct models. Created in response to the demand sparked by the UNIMATIC limited editions, this collection offers watch enthusiasts easier access to the brand's most iconic designs. Powered by a Japanese automatic movement (or a meca-quartz movement in the Modello Tre), each model features a 316L stainless steel case, sapphire crystal, 300-meter water resistance, and an applied Super-LumiNova® dial. Individually numbered, they are delivered with a versatile black nylon strap, easily interchangeable with other UNIMATIC straps or bracelets to suit the wearer's style.

CLASSIC

TOOLWATCH LINE

UNIMATIC's permanent line born in 2024 is designed for active lifestyles, featuring quartz movements and a proprietary 360° protection system. With 300-meter water resistance and MIL-STD-810H certification, the four models - Modello Uno and Modello Quattro, each in time - only and GMT versions, prioritize performance and functionality.

Built with 316L stainless steel, sapphire crystal, and Super-LumiNova® dials, each piece is individually numbered and comes with a black nylon strap, easily interchangeable with other UNIMATIC options.

03 ARCHIVE

The UNIMATIC Archive preserves the legacy of past limited editions, celebrating the creativity and evolution of the brand's design language. Each reference is a reinterpretation of the iconic Modello series, exploring new materials, finishes, and colorways while remaining true to the UNIMATIC aesthetic. These rare pieces stand as milestones in the brand's ongoing journey of innovation and craftsmanship.
